Dear Sir

I have received your letter of 25th July (forwarded from Bridgewater) together with the list of names to be included in the War memorial to be placed in the University. You request me to check the entry referring to myself.

The only remark I wish to make is that I am doubtful as to whether the names of my wife (Laura M Hope) & myself should appear in the list, which it is distinctly stated is a list of those who joined the Expeditionary Forces. My wife & I joined the "Scottish Women's Hospitals for Foreign Service" & were sent from Edinburgh to Serbia, to work under the Serbs. That is the only war-service experience we had.

Yours faithfully

C. H. S. Hope
