Dear Mr. Hodge,

With respect to your enquiry regarding my cousin and partner Lieutenant Arnold Meredith Moulden, I write to inform you that at present he is in France and we presume attached to the 43rd Battalion with which he left Adelaide. He holds the rank of Lieutenant and Adjutant. He left here as a Second Lieutenant, but was promoted on reaching England and also made Adjutant. Lieutenant Moulden attended a School of Instruction at Duntroon and in his examination was placed third on the list which comprised candidates from all over Australia.

Yours faithfully,

Frank Moulden
