Dear Sir,

War Service Record.

I apologise for my delay in acknowledging the receipt of the memorandum which I received from Mr. Cousins last month.

It appears that the Law Honor Roll was intended to include the names only of those who left Australia on active service. Upon this basis my name should not have been included as I was in camp at the date of the signing of the Armistice. I note that the printed circular which I received refers to "members of the University who went on active service abroad." It would seem, therefore, that particulars regarding my enlistment will not be needed. If, however, this should not be the case, I shall be happy to give any particulars upon hearing from you.

Yours truly,
