Mr. F. W. Gardley  
Dear Sir,

I don't remember whether, as medical students, we volunteered for active service in 1915 or 1916; but were retained on home service to finish our course.

I did not see any active service; but after qualifying in 1918, spent 12 months as a resident medical officer at Torrens Park & Keswick Hospitals.

Yours faithfully  
Colin Gurner
