Re Dr L. J. Puller

Dr Sir

My Son was in the Medical
service for 15 months under my
to the Imperial Govt. He returned
to S. Australia last July and
resumed his practice at Port
Augusta and is there still

He went to France as second
officer in a casualty clearing
hospital holding the rank of
Lieutenant. And later on was
temporarily in charge and highly
complimented by one of the
London Surgeons for the work that
he had done

And I remain Dr Sir

Yours very truly
