

The University of Adelaide

CIRCULAR

25th July, 1932.

Dear Sir,

The enclosed lists will form the basis of the roll of names which will be included in the War Memorial to be placed in the Cloister of the Union Building.

I should be obliged if you would check the entry referring to yourself and advise me of any correction or addition that should be made.

We desire to make the roll as complete and accurate as possible and we should deem it a favour if you would mention any omission or error that you may observe. It is intended to include the names of those who enlisted while still attending the University, and of graduates, undergraduates, and members of the staff who served during the war.

Yours faithfully,

F. W. Cardley.

Registrar.
