The Registrar

Dear Sir

I enclose one two certificates with regard to the practical experience (6 months) necessary for the B. in M.E. & Met. I should I pass in metallurgy - the result not being out yet - it is my intention to take my diplomas this year and so have forwarded the above for your inspection.

I am

Yours etc.

Wm. Lauder Oldland.

BAYLEY'S MINES LIMITED.

Coolgardie, W. A.

28th March 1904.

This is to certify that William L. Cleland has worked on the above mine under our supervision for the past three months. In the blacksmith's and fitter's shops he has been engaged in striking for tool sharpener and general smiths work and in assisting in all and every description of cleaning and fitting that came to hand.

In the mine he has worked at shovelling and trucking ore, in acting as assistant to rock-drill miners and in any other kind of work required at the time.

In all the above work he took his full share, working 8 hour shifts, and showed intelligence and physical ability in carrying out the instructions given to him.
