University of Sydney.

Dear Sir,

In filling in the form sent to me for particulars of my brother's War Service Record - I have given details which may or may not be suitable for insertion & will be glad if you will use your discretion as to what is needed for the "Book of Remembrance." The details of his death are copied from a letter from a brother officer.

My brother entered the University in March 1914 - & remained till he enlisted after passing 2nd year examinations towards end of 1915.

Yours sincerely

Hilda Young
(Mrs Herbert Young)
