

The Pass Lists for 1917, which have just been published, show that the standard of work by the College has been maintained during this year. The Science Honours (published with the Pass) show that Miss Pollard has graduated B.Sc., with Second Class Honours in Physiology.

In Second Year Science Miss Durie has Credit in Chemistry, Physiology, and Mathematics.

In First Year Science Miss Baker has Credit in Physics, Chemistry, Botany, and Mathematics.

In First Year Medicine Miss Stuart has Credit in Chemistry; and Miss Hardy Credit in Chemistry.

Of former students: Dr. Elma Sandford is R.M.O. at the Children's Hospital; Dr. Mona Ross at the Prince Alfred Hospital; Dr. Braye at the Royal Hospital for Women; Miss Mander Jones, B.A., has a position as Assistant Mistress at Abbotsleigh; Miss Godfrey, B.A., at the M.L.C. at Burwood; Miss Robertson, B.A., at the High School at Cootamundra; Miss Davidson, B.A., at Young; Miss Smith, B.A., at Wollongong; Miss Macaulay, B.A., at Forbes.

Miss Bowman, M.A., and Miss Roslyn Rutherford took the Massage Diploma last January—the former with First Class Honours. Both are now working at King George's Hospital for the wounded at Leeds, England.

Other former students doing war work and not mentioned in earlier reports are:—Miss Montefiore, B.A., Administrator of a Unit in the Women's Auxiliary Army Corps; Miss Cordingley, M.A., L.S.A., War Bacteriologist at the Royal Free Hospital, London; Dr. Emma Buckley, R.M.O., King George's Hospital, Waterloo Road, London; Miss M. Armstrong, B.A., Clerk at the Scottish Women's Hospital at Villers Cotteret; Miss Moir, M.A., spent half the long vacation doing agricultural work in company with a number of other Cambridge University women.

The following students have married during the year:—Miss Brownlie, B.A. (Mrs. Amos); Miss Roberts, B.A. (Mrs. R. Noble); Dr. Alexia Maclean (Mrs. Mitford Tilley); Miss D. Glasson (Mrs. Dryburgh); Miss Gasteen, B.A. (Mrs. Byth); Miss

C. D. Smith, B.Sc. (Mrs. Cotton); Miss Gertrude Wark (Mrs. Sampson); Miss Parkinson (Mrs. McLelland); Miss M. Windeyer (Mrs. Simpson); Miss Merle Bray (Mrs. H. Glasson).

The accommodation available for students in College (even with the six rooms recently added) was this year insufficient for all the students applying for admission. Rooms were found outside for three of them until the departure of two on passing their final examinations, and of a third on her marriage, allowed us to take them into the main building. In case we should be in similar difficulties next year, an effort is being made to secure a neighbouring house which overlooks the College garden. There is no doubt that as soon as the war is over it will be necessary to consider the extension of the College and to build enough rooms to allow for the growing needs of women students for some years to come.

During the year Miss Durie held the office of Honorary Librarian.

Miss Ruth Hardy is the holder of the Dickinson Cup as the champion tennis player of the College.

A number of books have been added to the Library—many as gifts from friends, others purchased from the Library Fund.

The Hon. J. T. Walker presented the College with a fine plaque of Gouda Faience.

Early in the year a Committee of the Old Students' Association was formed to consider the question of a memorial to the late Dr. Muriel Rutherford (Mrs. Bruce Mackenzie). It was decided that the memorial should take the form of a picture, with a suitable inscription.

Accordingly Mr. Edward Officer's "Pool on the Darling" was purchased at the Red Cross Exhibition last May and presented to the College by her sisters and friends.
