Dear Sir,

Am writing in reference to my son, W. V. Leach who left here for the front in October 1915. Was in Egypt for several months & then sent to France, he was in the battle at Poziers where he was promoted to the rank of Sergeant. He then went into the battle on the Somme where he was slightly wounded in the leg, from there he was sent as sole representative of the 50th Batt. to the Balliol College, Oxford. We received a cable this week stating that he had received his commission & is at present in camp at Bodford, Salisbury. He is now a Lieutenant & is quite well.

Yours Sincerely
Wm Leach
