Dear Sir,

I am in receipt of your circular of 25th July.
The entry referring to myself does not show the
fact that I was wounded (20.9.14).

In glancing through the list I noticed the following
mistakes or omissions referring to men of whom I
had personal knowledge.

1. Members etc who fell.

Joseph Arnold Blacket (Lance Corporal should
read Lieutenant).

2. Students

Arts

Mc Cann W. F. J. DSO (and bar I think) M.C.

Mattner E. W. M.C. D.C.M. M.M.
(and was wounded).

Medicine

Bennett N.R. - was wounded.

I think these statements are substantially correct,
though my memory may be at fault in detail
and could easily be confirmed by the men concerned.

Yours faithfully,

D. A. Dowling.
