Dear Mr. Hodge,

Mr. & M. Holder
was, by the news received
last mail, in London, in
Hospital, recovering from an
operation for Appendicitis.

It is most probable that he
is still there. He has so far
fortunately escaped wounding
although he was in hospital
in Egypt with Trench feet
contracted on Gallipoli last
year.

He now holds the rank
of 2nd Lieutenant in the
Pioneer Battalion.

Do you know that Dr
S. S. Holder has also
offered for service abroad,
and is now in camp waiting
an opportunity to proceed
to the front? He holds
the rank of Surgeon Captain.

Yours faithfully.

Winnipeg B Holder.
