Dear Sir.

In reply to your communication of 4th inst. I have to state that I do not know of any "E. W." Carthew at the University or on active service, nor have I any relation with those initials.

I suggest that a mistake has occurred, the initials being those of E. W. Kattner with whom I was closely associated both at the University and on active service, instead of my own, which is L.

Yours faithfully,  
L. Carthew.
