Dear Sir,

I am in receipt of your Circular letter of 25th ultimo, together with provisional roll of names in connection with the War Memorial.

As regards the entry referring to me, this is quite correct if it refers to status at the time of enlistment.

However, in view of the fact that I surrendered my B.Sc. degree in December 1919, and received instead the B.E. degree, the latter would probably be more appropriate for such a record.

Thanking you for this opportunity for checking the entry.

Yours faithfully,

R H Berriman
