

133 Stuart St  
Adelaide  
24/11/17

The Registrar,  
University of Adelaide.

Dear Sir,

At a conference between the Professors of Engineering of the Australian Universities and the Naval Board in 1911, power was given to the various Universities to nominate a certain number of Engineering Graduates every year to the position of Probationary Engineer Sub-Lieutenant in the Royal Australian Navy.

I have now completed the B.E degree in Electrical Engineering and respectfully ask that the Council should nominate me for the above position.

I have fulfilled the requirements with regard to practical experience and am twenty years of age.

Yours faithfully,  
G. S. Hutchison.

3rd December, 1917.

Dear Sir,

Your letter of the 24th ultimo (Docket 377/17) in regard to nomination in the Royal Australian Navy was considered by my Council at their meeting on Friday last.

In reply I have the pleasure to inform you by direction that the Council agreed to nominate you to the position of Probationary Engineering Sub-Lieutenant, and that your nomination will be forwarded to the Naval authorities in due course.

Yours faithfully,

Registrar.

G. I. D. Hutcheson, Esq.,

133 Sturt Street,

ADELAIDE.

I have now completed the B.E. degree in electrical Engineering and respectfully ask that the Council should nominate me for the above position.

I have fulfilled the requirements with regard to practical experience and am twenty years of age.

Yours faithfully,  
G. I. D. Hutcheson.
