Dear Sir

In reply to your
memo of the 4th inst. I have to state
that my son, William Landis Leland,
is at present at Salisbury Plains, England,
with the 3rd Australian Pioneer Battalion;
that he accidentally got his knee fractured
while drilling, and that he holds the
rank of a Lieutenant in his Battalion.
He was in hospital on account of his injured
knee when he last wrote.

Yours truly
W. L. Leland
