

29th February, 1936.

B/BM.

Dear Sir,

I beg to inform you that the Council, at its meeting yesterday, appointed you to give the course of instruction in Anatomy, Pathology and Physiology of the human eye to Optometry students. For your convenience I enclose a copy of the terms of appointment.

The times of the lectures and the date on which they will begin will be arranged in consultation with the Chairman of the Optometry Committee, Professor Kerr Grant, and I would suggest that you interview him at 11 a.m. on Wednesday next, the 4th proximo. The students have suggested that either Tuesday or Thursday would be a convenient evening for the lectures.

Yours faithfully,

Acting Registrar.

E. Couper Black, Esq., M.B., B.S.  
Magill Road,  
Tranmere.
