The President
Sydney University Union

Dear Sir,

desire to protest against paying the Union fee of £1 for this current year. I returned from the front last August - & owing to appendicitis, was unable to commence Michaelmas term until it was half over, leaving about five weeks to the end of the academic year & for this short period I have been asked to pay a full year's sub. I ask you, is this a square deal to a returned man? Further, I attend one lecture in embryology a day from 9 till 10, & have no need to frequent the Union. I completed 1st year med. in September 1916 enlisting soon afterwards & hope to resume 2nd year next March when a full sub. will be paid.

Trusting you will see my point of view
yours truly

Norman A D Keirle
